

The refined choice

The Fine Range - accurate and delicate

Complete range of blades and handles for delicate operations. The Fine Range has small, slim, precise blades in stainless steel for delicate operations.

The Fine Range has small, slim, precise blades in stainless steel for delicate operations.

Six special handles, including the SF13 and SF23 with independently screwed top sections to facilitate

blade-changing, take all blades, in stainless steel, sterile, individually sealed in metal foil packets and boxed in units of 25.

Handles are supplied individually in plastic wallets.

See blade and handle details on the back of the product literature.
